

HP COLOR HEAT SLEEVE™

EXTREME TEMPERATURE INSULATING WRAP

Add cool protection to your hot rod or custom car. HP Color Heat Sleeves™ are an excellent way to protect wires, fuel lines, brake lines and more while enhancing your vehicles appearance. This special weaving of the sleeve allows it to expand over fittings when installing and return to its original size. HP Colored Sleeve™ coatings make them capable of withstanding 1200°F continuous. Rolls are 25' in length and have an adjustable inside diameter from 1/4" to 7/16". Fasten using Thermal-Tie™ or hose clamp. HP Color Heat Shield Sleeves™ are available in red, blue, yellow, black, tan, and purple.

INSULATION TYPE: RADIANT HEAT AND DIRECT CONTACT **USES:** HEAT SHIELD SLEEVE FOR FUEL LINES, BRAKE LINES, WIRE HARNESSSES

PART NO.	DESCRIPTION
203121	HP COLOR HEAT SLEEVE™ RED 25' ROLL
203122	HP COLOR HEAT SLEEVE™ BLUE 25' ROLL
203123	HP COLOR HEAT SLEEVE™ YELLOW 25' ROLL
203124	HP COLOR HEAT SLEEVE™ BLACK 25' ROLL
203125	HP COLOR HEAT SLEEVE™ TAN 25' ROLL
203126	HP COLOR HEAT SLEEVE™ PURPLE 25' ROLL

APPLICATIONS:

RATED TO:

1200°

ADJUSTABLE DIAMETER

SPECIAL WEAVE EXPANDS OVER FITTINGS AND TERMINALS

ALL ROLLS 25' LONG

ENHANCED STYLE AND PROTECTION FOR STREET RODS & CUSTOM CARS

HP BUILDER'S KITS™

BIKE BUILDING INSULATION KITS

HP Builder's Kits feature a heat protective thermal sleeving capable of withstanding 1200°F continuous. This non flammable sleeve has a special weave that allows it to expand and contract over fittings. These sleeves can protect fuel lines, preventing vapor lock. They can also be used to protect wires from heat damage and allow you to hide your wiring. The 5/8" I.D. sleeves are ideal for protecting your oil lines from heat damage caused by being too close to the motor or exhaust. So add some heat protection and make your ride a cooler one.

INSULATION TYPE: RADIANT HEAT AND DIRECT CONTACT **USES:** HEAT SHIELD SLEEVE FOR FUEL LINES, BRAKE LINES, WIRE HARNESSSES

PART NO.	DESCRIPTION
204002	FUEL LINE HEAT SLEEVE 1/2 X 2' ROLL
204003	BRAKE LINE HEAT SLEEVE 1/4" TO 7/16" X 3' ROLL
204008	OIL LINE HEAT SHIELD SLEEVE 5/8" X 2' ROLL
204009	OIL LINE HEAT SHIELD SLEEVE 5/8" X 6' ROLL

APPLICATIONS:

RATED TO:

1200°

HELPS PREVENT VAPOR LOCK

GREAT FOR OIL LINES

SPECIAL WEAVE ALLOWS IT TO EXPAND AND CONTRACT OVER FITTINGS
